

Camille Billops

Extraordinary Artist

Your manifold genius has enabled you to share your humane vision through media old and new, from the ancient artifice of fashioning material things to the modern magic of catching life's movement on film.

Creative energy flows from you in abundance, shaping substance and genre to its purpose.

Honoring the legacies of art in which you work, you have partnered with James Hatch in preserving and handing them forward to guide the artistry of new generations.

For your capacity to evoke and empower the human spirit, and for your faithfulness to our common heritage, we bestow on you the degree of Doctor of Humane Letters, *honoris causa*.
